

EURATEX GENERAL ASSEMBLY 2018

INVESTING IN THE TEXTILE AND CLOTHING FACTORIES OF THE FUTURE * IN EUROPE

The EU textile and clothing industry has reinvented itself through investment in innovation, creativity, advanced manufacturing technologies, market diversification and internationalisation.

Since 2013 the industry's turnover has grown by 14% to € 181 billion and extra-EU exports by 15% to € 48 billion, while employment and company numbers have been maintained.

This year's General Assembly of EURATEX will illustrate this remarkable renaissance through the investment cases and success stories told by owners and top managers of a diversified group of companies from across Europe.

Keynote speakers of the event will include
Mrs. Irmfried Schwimann
*Deputy Director General at DG GROW,
European Commission*

Company owners/managers of:
Cotobla, Spain
Innothera, France
Lenzing, Austria
Rovitex, Hungary
Valérius, Portugal
and others.
